Upload videos

You can upload videos to YouTube in a few easy steps. Below you can find the necessary instructions to upload your videos from a computer or from a mobile device.

Computer

Android

iOS

You can upload videos from your iOS device directly from the YouTube app. Make sure you have the latest version of the YouTube iOS app installed. Follow the steps below:

1. **Sign in** to YouTube.
2. Open the Guide  in the upper left corner of the screen and navigate to My Channel (or directly touch the **Upload icon**  on the guide.)
3. Touch the **Upload icon**  at the top of the screen
4. Select the video you want to upload from your Camera roll and touch the confirmation button.
5. Adjust the title, description, tags and privacy settings of your video.
6. Touch the **Upload icon** .

Tip: Go to **Settings > Uploads** to modify the type of connection used to upload videos. Use this setting to restrict uploads to Wi-Fi only.

You can also upload videos to YouTube from the [YouTube Capture app](#) or directly from the iOS Photos app. For more information about using YouTube Capture, visit the [YouTube Capture help topic](#).

If you're having trouble signing in, make sure you're using the [email address associated with your YouTube account](#).

If you recently connected your channel with a Google+ page, learn how to [upload videos to your channel](#).
